2. Grade 4 to Grade 6
3. Year 7 to Year 9
4. Year 10 to Year 12

The Wycheproof Great Grain Festival is an annual event celebrating the rich diversity of the region through grain from the paddock to the table. A range of events and exhibitions centred around food, music and family interaction will be on offer for everyone to enjoy. This year an exciting new addition to the festival weekend is the "Against the Grain" Children's Photographic Exhibition and we invite you and your students to get involved!

'Against the Grain' is a display of photos taken by school aged children (prep to year 12) of anything and everything about grain - cultivating the soil, sowing the crop, harvesting, preparing, cooking, and celebrating and enjoying the finished product. Essentially anything involving grain from the paddock to the table! Great prizes have been donated and entry is free so let your imagination go wild!
